

VoicePro 20 USB Headset

With Noise Canceling Microphone

VoicePro 20, the most cost effective, robust & comfortable headset for both office & home use.

Our USB headsets are a simple-to-use, comfortable, and durable choice for conference calls, Web-based training, and PC multimedia applications. Plus, they're priced right, easy to deploy, and offer a simple-to-upgrade UC solution that IT can roll out easily and rely on.

- **USB HEADSET:** Binaural (Double Ear) USB headset with microphone ideal for users who prefer to block surrounding noise and concentrate fully on the call.
- **SIMPLE DESIGN:** Microphone headset allows you to easily manage calls from PC using USB-A type connection, and inline controls let you mute calls, and control the volume of PC calls with a touch of a button.
- **SECURE FIT:** The VoicePro 20 USB headset features a lightweight headband for durability and a custom, comfortable fit.
- **HD AUDIO:** Headset Includes a 330 degree Rotational Noise-canceling microphone with wideband audio speakers that delivers clear, natural, and rich audio. The Speaker Caps are 180 degree Rotatable to enable lie flat laptop bag storage.
- **HEADSET COMPATIBILITY:** The VoicePro headset is built to work with UC applications and softphones from Microsoft, Avaya, Cisco, Skype and others. With most applications the headset is plug and play but if the headset does not auto connect when plugged into the USB please manually add the headset as your speaker and microphone in your software application.
- **WARRANTY:** Our VoicePro range of products come with a 12 month manufacturer warranty.
